“ I adored Brenda! And Mena! Just the other day, I started to realize that she was gone and then opened the paper today to find her obituary. My heart is so sad that she is gone. Sending much love. Please give Miss Mena a special hug for me. She was so upset when Ron died and now to lose Brenda.

“ Greg and Jeanie, I am so sorry about your Mother. She will be missed by so many people. She and I were great friends in high school, we sort of stayed in touch but reconnected about 5 months ago. I was so happy to know she was close by. We shared a lot of good memories. One that always stands out is when we were in high school, she was convinced she was going to teach me to drive a stick shift. It was a disaster, the more trouble I had using the clutch and the car just jerking around the parking lot, the harder Brenda laughed until she was almost in the floor. She kept saying "next time you'll get it". No, we didn't try that again. We hardly ever missed going out to dance on the weekends. She was the life of the party. I told her that hearing her laugh and seeing her smile again was really special. I'm glad I got the chance to relive some of those memories with her. A month or so ago I knew she was getting weaker but I just didn't want to believe it. She fought as hard as anyone could, I know she was tired but she faced this head on like she did everything. She was strong, kind, compassionate, warm, and funny. I will miss her. nina rutledge
