“ Hello Carol, I can not say I remember you or even if I've even met you. Which my Dad knew people from all over the world! I really would had liked to seen each and every person that my Dad had touch, changed, or made an impacted in their lives one way or the other. Because neither place would've been able the hold them all nor parked their cars. They would had to have shuttle busses to pick them up..

Thank you for lighting a candle Carol

“ Frankie and I were Cousins. My Father was Nathan. What I remember most were the Sunday visits when his Mom And Dad would bring the family to our house. We would have a dinner cooked by my late Mom and then all of us would go outside and play games until dark.I moved away so many years ago and lost contact with all my cousins but I still have the memories. R.I.P. Frankie.
