“ My Aunt Toby was the strongest woman I've ever known. She had more character in her pinky finger than most people have in their entire body. Words cannot begin to express how much I loved her and how much she helped me over the course of my life. For every major milestone ,she was there, from my starting school at Marshall, to the birth of my first child, even the purchase of my first vehicle. She was always there to lend a hand and help with my struggles. Her love of her family and friends never wavered and her courage during her illness was amazing. She never complained and always had a kind word and smile no matter how bad she felt. She always, always, thought of other people first. Her kindness and good humor touched so many people and I am proud to have been her niece. If I can live the rest of my life with half the strength, kindness, humility and love that my aunt lived hers I will be happy. RIP Aunt Toby! Hope you and Buck are dancing now.
