“ *I had the honor of working with Angie several years ago through the after school program at Mountain View Elementary. She was truly a wonderful person to be around. She loved those kids as if they all were her babies. She was very patient and taught each on manners. No matter what you day was like or how she was feeling she was ALWAYS a positive person and could turned that day into a bright shining one.*

May God grant her family and friends during their loss of their loved one.
