“ *I am so sorry to hear about Charles. I remember he spent a lot of time at our house and hunting with my dad when I was a kid. He loved to tease me. He would hold me up over his head until I screamed, then he let me down and I would go back for him to do it again. I also remember hunting night crawlers with him (my job was to shine the flashlight quickly to stun them) for Papaw to sell to the fishermen. Sue, Carolyn, and Frances, my thoughts are with you during this difficult time.*
