“ I worked with Dale and J.C. both through Jefferds Corporation over many years. They were great friends as we did many projects together. I learned a lot from them and Dale was a great teacher for the construction trades. I did not know that J.C. passed also. So sorry to hear this.

“ I worked shoulder to shoulder with Dale for many years for H.B. Agsten & Sons then we worked together for other contractors too. He was both a mentor, encourager, and friend. He gave me much help and direction as a carpenter and a leader. He told me many years ago, "When you are supervising a project you make your own conditions". I will always have a place in my heart for him, he was very good to me in my formative years.
