“ I'm a little late with my condolences but I'd like to share a bit of my acquaintance with Husky Mush. We grew up together in Stonewood. He lived right by the ball field and the local woods. We played together on the ball field and in the woods almost every day. I remember him as being very versatile at almost every athletic activity although he never participated in any organized sports. I asked him why once and he said I had a dad to teach me and he didn't. I told him he should have said something. My dad would have been glad to teach him.

We did a lot of things together.....played ball, roamed the woods, swam and fished in the creek and more. He was a year older than me and we grew apart when he started high school and I was still in junior high.

I don't mean to infer that he and I were the only friends. We were a whole gang of boys doing the things boys do.

I always felt an affinity for Husky Mush(his nickname) because of the similarity of our families(namewise) any way. His mom was Mildred, mine Mildred, his sister Mary Ann, my sister...Mary Ann, his name Dan....my name...Dan. the name similarity ended there but he has a brother (George) and I a brother(Jim)...both a lot older than we.

Dan is gone, the woods we played in are gone, and the ball field is gone...replaced by a church but all the fond memories of the good times we had together are with me until I'm gone too.

“Helen, I just could not believe it when I heard about Dan. This has weighed so heavy on my heart since I heard. I remember so well the two of you starting your life together. I remember Dan getting out there mowing grass. There really aren't words to explain how my heart and sympathy goes out to you and the kids. Losing a spouse is like losing a part of your soul

“ *Musrock Family:*
My thoughts and prayers are with you in this difficult time. I pray God gives you peace and comfort during your hours of need. I fondly remember your family in Holley Lawn, especially the decorations at Halloween and all the little apples my children brought home from the trees in your yard. Although our paths didn't cross much after the demise of Holley Lawn, I think of the great families often that made up that small community and how enjoyable it was to live there.

Again, I offer you my condolences on the loss of husband and father Dan.

“ I worked with Danny when I started with the Division of Highways in 1996. He always had a kind word for me and was very encouraging. He carved me a Santa that I still put out for Christmas. Love and prayers to your family.
