“ Danny and I were cousins, best friends and literally grew up together. From grade school on, we spent most of our free time together playing sports, riding bikes or, our favorite pastime, fishing. We usually spent summer weekends fishing for catfish at Indian Lake with Danny's mom and dad. Those are some of the happiest memories I have. I only saw Danny a few times after he got back from the navy and then we lost touch. I moved to South Carolina 24 years ago and thought many times of trying to contact Danny, but didn't. Then a few months ago I got a message from Danny on Facebook. We "talked" several times and he told me he was ill, but didn't go into any detail. I know he suffered from rheumatoid arthritis, so I thought that was the illness he spoke about. I am so sorry for your loss and just wanted to let you know that Danny was a special person and friend that I will never forget the wonderful times we shared growing up on Thorofare Rd. in Clendenin. You are in my thoughts and I will be praying that you find comfort in the memories you have of your 43 years with Danny.
