“ Jill was a woman whose heart belonged to the Lord and whose light shone so brightly. I will truly miss our friendship and all she has done and contributed to the mesothelioma community. I truly believe that she is one whose impact on the world is best measured by the warmth she brought and the way she could make you laugh with her sweet, courageous outlook. I'm so thankful to have been able to call her my friend, and more importantly, my sister in Christ.

“ I'm not sure where to begin, but I want to celebrate the profound impact you've had on my life. I vividly remember you staying by my side in the hospital when I had my appendix removed at just six years old, and how you even ate spaghetti off my tray with your fingers - it still makes me chuckle. I also cherish the memories of us sharing a lid of coffee creamer and snuggling up together every night. Your resilience and unwavering optimism inspired countless people, and I'm so grateful to have had you as my sister and best friend. Your legacy will continue to motivate me to stay hopeful and strong. I'll forever miss my amazing sister, but I'll keep celebrating your life and the incredible memories we shared. I love you coffee creamer bestie, Love your sister/bestie Missy.
