“ *Doug was a very special person to me . We knew each other in high school and we drifted apart after high school . He went his separate way and so did I. But I never forgot him . About 11 years ago we found one another again and reconnected. He will always hold a special place in my heart ..*

“ I knew Doug from work. We were both diagnosed with cancer at the same time. Our type of cancer and treatments were different, but we tried our best to support each other. Truth be told, I'm sure he helped me much more than I helped him. He was a great guy and will be missed.

“ Doug and I worked together at Toyota many years ago and I always thought very highly of him and his work ethic. He had great character and was always willing to do whatever was asked with a great attitude. He made the team and the plant a better place. May God bless you and comfort you during this time. I'm very sorry for your loss.
