“ *I just found out today that Dwayne had passed away. We worked together all the way back to Westinghouse days. I've been off due to a workplace injury and haven't spoken with Dwayne very regularly, but the last time I did it was just a few months before the accident. I recall the conversation, Dwayne was his normal upbeat self. I believe he had just remarried and he seemed to be really happy with his new bride and his kids. He and I had many wonderful conversations throughout the years and I'll sorely miss that. Be at peace my friend. May God continue to bless and comfort your family and friends. Our loved ones are never real gone forever...they're just waiting for us to arrive. Kyle Handy, Zee Medical, Inc.*

“ *Like too many of us often do, I lost track of Dwayne after high school. After many years, we reconnected on facebook, for which I am grateful. Dwayne and I had many of the same classes together, but after graduation, life sent us in different directions. Even so, we had a lot in common. We both attended NIT, though at different times. We both worked in similar fields and loved what we did, and we used to laugh at the fact that we shared the same, obscure middle name. I will honor that name now for two reasons; for Dwayne and for my dad, Eugene. Rest in peace my friend.*

“ I grew up down the street from Dwayne. He was a great friend to have. Dwayne had a great heart and would approach every obstacle determined and head on. I moved away and haven't seen Dwayne for years but I always remember the fun times we had. I do know he was proud of his family and loved them deeply. We will miss him and pray for his family.

*Deepest condolences,

“ To Family & Friends of Dwayne,
My sincere condolences go out to all of you. I am a coworker of Dwayne. Dwayne was always a pleasure to work with, he was a true professional. He loved his work, he always had time to share a story about coon hunting. He really loved his dogs. His talents, skills, and humor will be greatly missed. I pray that some day I will grace his presence so we can share a laugh and a story. May God give you all some peace during this time of healing.

I'm sorry I can't make it to say goodbye to Dwayne. I would be there if I could, I'm in the middle of a job. Am sure Dwayne was on many of these type jobs.

*Sincere Regards,

“ *To Dwayne's Family,*

Dwayne was a special guy. A joy to be around and someone I knew I could always count on. I retired from Siemens a year or so ago and Dwayne would call and check on how I was doing regularly. He called last Friday and I am so glad I got to talk to him. It was always a joy to get a view of the world from Dwayne's perspective. I know you all will miss him greatly as will Nancy and I.
