“ *So sorry to hear of Franks passing.. Way back in the 70s he shared so much music with me on that reel to reel. I fond I loved so many different artists. Thanks for boarding my horizon and taste in music. We had lots of fun.*

“ *Remember the times when I arrived in charleston back in the early 70's, we had a hel lava good time. He was such a free spirit, I was totally a straight forward kind of a guy,he showed me how to be a Hippie, been one ever since. I had the pleasure to give him driving lessons, I think he finally realized what the brake was for. I remember when his first born arrived, he was so proud. Boy did we get hammered! So many good times. I will miss you Frank, God bless you and may you rest in peace.*

“ I was Franks Supervisor when we worked in the Huntington storeroom and at Rock Branch. One morning I said Frank I'm going to ride with you today. We got to our first job and I said Frank where's your computer? He said I was so nervous I left it in the store room. He said I'll make you a deal, if you won't say anything to me about forgetting my computer I won't say anything to you for climbing all over that pole without testing it first with your power tester. I thought the world of Frank. I thought of him often after I retired. I tried to look him up on facebook but couldn't find him. I'm so sorry that such a good man is gone way too soon. Love you Frank RIP. Jenny (Seldomridge) Barber.
