

## Edward J. Grey, MD

July 26, 2018

Edward Joseph Grey, MD, 65, of Charleston, WV, passed away unexpectedly on Thursday, July 26, 2018, at his residence.

Eddie, born on July 15, 1953, in Brooklyn, NY, was the son of the late Carl and Catherine Raffa Grey. After growing up in the Brooklyn projects with very little more than a loving family, he earned his associate's degree in respiratory therapy from Manhattan Community College in 1975. He then moved to West Virginia, where he began a respiratory therapy education program in Beckley. He decided to become a physician in his mid-thirties, earning his medical degree from Marshall University in 1992. Over his career, he taught hundreds of students and physicians in training about the art of medicine and pulmonology as a clinical professor. He owned a thriving pulmonary practice in Charleston before joining Pulmonary Associates of Charleston in 2011. He served as chief of staff of the Charleston Area Medical Center in 2006.

He is survived by his children, Carl R. Grey, MD, (Abby) of Winston-Salem, NC, Melissa A. Baldwin (David) of Hurricane, Paul E. Grey of Lewisburg, WV; grandchildren, Channing David Baldwin, Reid Edward Baldwin and Josephine Jean Grey; siblings, Fred Grey, John Grey, Nancy Page, Catherine Nozdrovicky, Joseph Nozdrovicky, Charles Nozdrovicky, and Michael Nozdrovicky, as well as many colleagues and patients and their families.

His patients called him Dr. Grey, and his siblings called him Eddie. His mother was so proud of his accomplishments that she called him "Dr. Edward Grey, M.D." His favorite name of all was G-Pa, which is what the grandchildren that he so adored called him.

Dr. Grey worked tirelessly to provide his family with a life better than his own. Despite his intense work schedule as a physician-in-training in his late thirties and early forties, he rarely missed a track meet, dance recital, or soccer match. He was a best friend to his children, and he cherished his grandchildren. His family misses him dearly, and they believe he is the most generous person they will ever know.

A celebration of his life will be held at 11 am on Tuesday, July 31, 2018, at Chapman Funeral Home, Hurricane, WV, with Ravi Isaiah, CAMC hospital chaplain, officiating. Visitations will be held from 2-5 pm on Sunday and 6-8 pm Monday at the funeral home. You may also visit his tribute page at [ChapmanFuneralHomes.com](http://ChapmanFuneralHomes.com) to share your memories of Dr. Grey with his family.

Everyone is welcome to attend his funeral, but to better accommodate all who loved him, a separate memorial service will be held at the Charleston WVU campus at CAMC in the main auditorium later in the week.

In memory of his generous spirit, memorial contributions to support the family of Chad O'Dell may be made by visiting Support O'Dell at [www.gofundme.com/support-odell](http://www.gofundme.com/support-odell)

Chapman Funeral Home, family-owned and located at 3941 Teays Valley Road, Hurricane is honored to serve the Grey family.

“ *Edward J. Grey, MD*

October 06, 2023 at 08:41 AM

“ *Dr. Grey was my doctor for a few years. I started when he had his own practice and followed him to his new job. He was always so good to me and always joked with me. He always was so understanding of how I felt. He gave me his full attention every time I saw him. I will miss him ever time I have to go to the Dr. Because he was the best. God bless you all and help you as you go on without him.*

*Rosemary Pau*

**Rosemary Pauley** - November 30, 2018 at 05:13 PM

“ *My husband Steve was a patient of Dr Greys for many many years and he helped him so very much and always had to be the one to see him in the office. This is so very sad he was always in such good spirits and sych a kind hearted person Tina and Steve Adkins*

**Tina Adkins** - August 07, 2018 at 09:58 PM

PJ

“ As a patient of Dr. Grey I was shocked and saddened to learn of his passing. I had only seen him in the ER, then once in his office, but he made a lasting impression by making sure I got the tests I needed, explaining the results and treatment plan. He even took time to commiserate with me after I told him I was going through a particularly challenging time and then told me stories to make me laugh; me sensed that I needed that.

*My heart aches for his family, friends, and coworkers. What a great loss for them and for the community.*

---

**Pamela Jacobs** - August 07, 2018 at 09:16 AM

KH

*You will never find a more compassionate caring doctor than Dr. Grey. He always had a smile on his face that would light up the room and had a way to make the day a little brighter. I admired him also for his honesty. Dr. Grey wasn't one to keep fighting aggressively when he believed one would never survive, he would give you his honest opinion and not beat around the bush. Dr. Grey will be missed by everyone who ever had the chance to know him. Prayers and condolences for his family, his co-workers and his friends. WV lost one of the very best. He will be sadly missed. Kermit & Ruth Hudson*

**Stacie Jones** - August 03, 2018 at 12:28 AM

MK

“ I just learned of Dr. Grey's passing. I'm so very sorry for all of you and send many prayers. I just wanted to share what he meant to our family...

My dad had been sick for a yr..coughing a lot etc. His PCP kept treating him for bronchial infections and sinus infections and my sister and I kept saying something wasnt right. My parents came to Charleston on their way to a great nephew's wedding in Virginia. My dad could only walk 3 feet at best before he lost the ability to breathe well...my sister and I insisted he go to the ER. He wouldn't go. Come morning, we packed the car but gave him a stipulation..our first stop was Memorial ER, IF they said he was ok, then we'd go on to the wedding..if not, the family would understand. Dr. Grey was given to my dads case that day. Xrays showed a humongous blood clot between both lungs. He immediately cautioned us as to how bad it was and could be, but he was going to do everything he could to help him. He even prayed with us. He started dad on TPA, and 3 days later he came home a new man. At his follow up appt. Dr. Grey had us come to his office and showed us dads xray..his blood clot was bigger then a softball smacked right between both lungs. He said your dad is a walking miracle, he should have never survived this. Well Dr. Grey, you are our walking miracle because you were able to save him and give him many more years with us. We are eternally grateful and always sang your praises and sent others your way. Thank you for your kindness, your understanding, your caring..we won't ever forget you. God bless you, you'll be missed greatly.

“ My parents Bill and Jean Aleshire have been with Dr Grey for over 20 years. He was always so kind to them and they loved him. Daddy passed away three years ago. Dr Grey called Mom just to check on her. I have taken mom to her appointment the last 3 years. And let me say I know for a fact that the doctor Grey was so proud of his grandchildren. He and I had grandkids about the same age and we always shared pictures.

---

**Melissa Butterfield** - July 31, 2018 at 05:04 PM

“ I was so surprise and sadden about Dr. Grey. Dr. Grey took care of my dad from 2009 until his passing in April this year. I always regretted not getting mom to him when she was sick. He was so kind and compassionate, cared about his patients and always thought about and done what was best for them. He will surely be missed by many. My thoughts and prayers will be with his family and so many that needs his help. Sincerely, Joyce Hartsfield Marlowe

JR

“ I can remember Eddie Grey being part of my family always since I was a little girl. He married my sister Patty; they were childhood sweethearts since they were 15 and 14 years old.

He would do anything for his family, my family his friends and co-workers and I feel it was a tremendous privilege to have grown up with such a wonderful role model. I always thought of him as a big brother and the world just seemed right when he was around. He worked hard and played even harder and loved life and everyone who knew him loved him. I never met a more witty, loving, caring man and he will never be forgotten and forever missed and in our hearts 💕💕

May he Rest In Peace and my heart goes out to the family he leaves behind who will miss him tremendously.. he was torn from us too soon 💔🙏

Jeannie Reo - July 31, 2018 at 07:38 AM

TH

“ Dr Grey cared for my Dad for many years. I remember him telling me, when a suspicious nodule was found in my Dad’s lung, “If he were my Dad and with his lungs being so bad from black lung, I would not have a biopsy done. It could cause even more problems.” So after a PET scan Dad had weeks of radiation. The cancerous nodule dried up and Dad lived for several more years. He continued seeing Dr Grey until he passed in 2010. He was also my Moms doctor. She was diagnosed with lung cancer. He cared for her for six months. She passed in 2014. He was always kind and compassionate. I am thankful he was there to care for the two most very important people in my life. My thoughts and prayers are with you all during the days and months to come.

**Brandie Hobbs** - July 30, 2018 at 09:23 AM

 Donna Ellison

“ My mother was a patient of Dr. Grey for years. She loved and respected Dr. Grey as he was thorough and would talk and listen. He loved showing pictures and videos of his grandchildren whom he loved dearly as you could see the sparkle in his eye. He was so proud of his children. We would talk about Carl in med school as my son Josh Murphy was in med school at the same time. When I brought my grandchildren with my mom for an office visit he would always give them candy as I remember Dr. Grey always loved candy. He was happy that his daughter worked in the office there with him and was happy Paul is going to med school. My neighbor in Beckley was a student in the respiratory therapist program and said she would have never finished the program but Ed Grey was a wonderful instructor that made it interesting and understandable and you wanted to finish the program. She finished the program and has since retired. Dr. Grey has touched many lives and will be sadly missed. Prayers for comfort and peace for his family.

---

*On my last visit with Dr. Grey, he and his family, had just returned from vacation. We spoke of beaches, wonderful vacations with family. He smiled as he spoke of the grandson getting up early in the morning to catch minnows or catch crabs. It was so special to him. He loved watching all the activity. I wish for his family to hold dear each and every moment of that vacation, for to him it was very special. It was all about family.*

*He had a special way of making you not worry so much about air. He will be missed by his patients. Our deepest sympathy to his family.*

“ As each day passes our lives are affected by others in special ways that we cannot always comprehend. Chad and I have known Ed Grey for years now as the loving father and grandfather to our dear neighbors Melissa, Dave, Channing, and Reid. We would occasionally socialize with him in our neighborhood while the kids were outside playing, during birthday celebrations for one of the boys, or while enjoying a WVU football or basketball game. In recent weeks we came to know Ed as a physician. We were so fortunate to have him advocating for us. He relentlessly sought out the results of Chad’s biopsy. He empathetically provided us with the heartbreaking results and educated us about the next logical step. He facilitated the quick referral to a specialist. He ensured Chad was scheduled rapidly for additional scans and personally phoned us with the results rejoicing and even joking with us when we finally received some favorable news. He continued to work diligently each day to ensure everything was being done to get a definitive diagnosis. After he was able to reveal that information to us, he went the extra step and continued to check in on how we were handling the news emotionally. We felt as if he was caring for us as if we were family. This is just our brief testimony as to the exceptional way Ed Grey practiced medicine. Many of those we have encountered over the last several weeks have shared similar praise for his level of dedication to his patients and their families. We are saddened that he has so suddenly been taken from those who love him. We are thankful that we were fortunate enough to know him. His grandchildren, children, siblings, friends, colleagues, patients, and their families are deeply mourning his passing. I imagine Ed would be pleased if we honored his memory by treasuring and celebrating the ways in which he has forever touched each of our lives.

“ We first met Dr Grey when he took care of my terminally ill aunt while she was in the hospital several years ago. He personally went the extra mile by bringing her breakfast knowing she was not eating... we had never heard of any doctor doing this before. He was ever uplifting & offered many kind words to our family. I think his compassion speaks volumes and is a wonderful example of the kind of man that Dr Grey was to all who knew him but especially to his patients in their weakest time of need. In like manner we sincerely extend our heartfelt condolences and prayerfully these words offer some comfort to Dr Grey's family. Danny & Frances Hager

“ Dr Grey was my Grandfathers Dr back in 1985. He treated him for 30 days in the hospital and they pulled him from the case because he was getting to close to the family. He also treated my Mother up until she passed March of this year. Our family will never forget him for the professionalism and kindness he showed us Love and prayers go out to his family. “ Ed Grey was without a doubt one of the best physicians I have ever worked with. He always treated everyone with respect and always put his patients first. He could always make you laugh and bring a smile to anyone's face.

Beth Wilson - July 28, 2018 at 12:08 PM

MS

*Dr. Grey took care of my Dad (Herbert Keeling) for Merckle Cell Cancer of the lungs. My Dad thought so much of him! He doctored my dear sister Joan Fix for Sarcoid of the lungs & my nephew ( a nurse that Dr Grey thought highly of) Steve Fix.*

*I recently started having problems with lung issues and I saw Dr Grey on July 10TH, he is the only one that gave me some hope, that he could find out what my problem is! I thought he was a wonderful Doctor and Man, My Husband was very impressed with him!! I am so sadden to hear of his passing! I do not think I can find another Lung Doctor to make me feel so at ease!! Love & Prayers to all of the family! He was a GREAT LOSE TO THE MEDICAL FIELD !! LOVE & PRAYERS FOR ALL OF THE FAMILY !!*

“ *Prayers lifted for the Grey family. Our family owes much to the man who made his patients feel like they were his only one. My dad loved and respected Dr. Grey much for his wit and humor during his appointments for his terrible lung Dx. He was one of a kind..*

---

**Gaye Tapley Bias** - July 27, 2018 at 08:49 PM

“ *My heart is broken for the family of Dr Grey. He was my doctor and I loved how he would take the time and explain every test that would be taken. He never rushed you in and out and always seemed so compassionate about his patients and his job. He made me feel so comfortable talking to him and helped me get hooked up with my CPap machine and for that I am grateful. I will truly miss him, but I know he will be watching over his patients. I pray for strength, peace and comfort for his family. May God bless them and keep them held close to His heart. God Bless Debbie Petry*
