“ I'm so sorry to hear of Liz's death. I have such fond memories of her from St. Catherine's School.

I shared a table with 'Lizzie' (sat across from her) in Biology class during our junior year. I was a day student, and she, of course, a boarder. Our worlds were quite different - I was known more as an athlete, she as an artist, but I learned a lot from her. She had a penetrating intelligence that helped clear up my confusion around concepts in Biology as well as, perhaps, a poem I was trying to understand from English class. Her help was always offered with kindness and humor. In my inner memory book of St. C days, her face has often come to mind, and I've wondered how her life unfolded. The photo here reminds me very much of the 17-year-old girl I knew then. It makes such good sense that she went to art school and then later became a businesswoman and a librarian. In her formative years, those talents were already seeded, taking root and growing deep. What a lovely photo. Thank you for creating this space for me to remember a lovely friend from childhood.

“ I meet Liz online in Twitter and Instagram as she was an enormous fan of the actor Luke Evans as I am. We became firm friends. She Direct Messaged me saying she had got an infection and was on oxygen and was going to take a break from social media for a week. When she didn't contact me I DMed her again but received no reply. I DMed her again yesterday along with another friend of hers from Instagram who also followed Liz's page on FB where she saw the awful news. We are just devastated. Liz was such a delight with a wicked sense of humour and I loved her to bits.

I posted a tribute to her on both Twitter and Instagram and she would be delighted to know that Luke saw it and left a comment sending condolences. I know that would have thrilled her to bits and she would be smiling and laughing at his kind words.

I will miss you so much Liz. We talked almost every day. ❤️

“ I have been corresponding with Liz for over a year through her website for Luke Evans. She adored him for many years and shared that adoration with so many of his fans and her friends. Liz was a lovely person and I completely enjoyed our conversations. She had a heart of gold, was very caring and gave of herself so freely. Her passing will be a difficult loss for so many. My condolences to her family and friends.

“ I worked with Liz at the Kanawha County Public Library, most recently as she was starting employment at the Dunbar Library. I remember doing orientation with her and she said the excitement she felt about coming back to work at the library was like the excitement for the first day of school. She will be greatly missed. Prayers and comfort for her family and all who knew her.
