“ *Nanny in the eight years you had me there's a lot of memories but the one where I seen you really mad when I stayed out all night at hawks nest. I was grounded for a month go to school, football practice then straight home to my bedroom. But even then you had a soft heart you let me buy a knight kit cb radio to build that got me started in electronics. And the day you made us official and adopted me remember what last name I wanted skeens, Whaley, or keep Trace my 1st choice anyone ever gave me and when I said Trace and why you said that's smart. When I join the Marines broke your heart at 1st but proud at the same time you wanted me to go to college. Now your back with Steve. Love you Nanny.*
