“ Not sure if I can sum up a short tribute to my best friend Frank of 37 years. Our friendship started in Pittsburgh and took us to St. Petersburg Florida in 1992. We worked together at the same employers for the past 37 years. We had challenges and fun with various projects we worked on together at our job at Raymond James. I considered Frank to be a part of my extended family as our friendship grew stronger and stronger over the years. As best friends, we confided in each other our challenges that we were experiencing as well as the joys in our daily lives. We each experienced purchases and selling of homes over yrs, personal illnesses, retirement of our jobs and dealing with the big changes happening in our individual lives as we grew older. Our relationship was very close more like brothers in some ways and best friends and other ways. We shared our concerns, hopes and dreams throughout our time together and I am grateful for every moment we had together. I am grateful I could be there for Frank in his final days and was able to tell him what he meant to me and be there as he left us to go to much better place. I know Frank appreciated the doctors and nurses at St Anthony's hospital and in his memory I wrote a letter to president of hospital recognizing the dedication of doctors and nurses in ICU to taking such excellent care they provided for Frank every day. We also took 2 trays of goodies to the ICU unit on Christmas Eve in Frank's name to say thank you again for everything they did for Frank's care. I know Frank was a wonderful and giving person and will be missed by his family, former co workers and myself. I will truly miss talking and seeing Frank every day going forward. I know a part of Frank will be with me on my journey here until my time comes when I will see Frank again.

“ MY favorite Frank memory is when we were setting up the reception for Heather's wedding years ago. Frank and Heather's Aunt's were in the kitchen area of a clubhouse at local Country Club, it was absolutely freezing and our high heels we wore to the wedding were killing our feet running around preparing food like mad. Frank had helped us make slippers out of industrial foil..lol my feet got even colder, but it offered some relief. May You Rest In Love & Peace Frank💕
