George was instrumental in starting the Power Plant Technician Degree program at West Virginia State Community and Technical College.

In retirement, George enjoyed travelling with Jennifer, completing various genealogical research, playing the stock market, and loving life.

“ Jennifer,  
*I am so sorry to hear of my cousin and Gavin co-worker's passing. We enjoyed genealogy and discovering after we worked together for years, that we shared the same 4x great grand dad and mom! George was a kind, wonderful, and intelligent person. You were so blessed to share a life with him.*

“ My name is Lee Roberts. I was in the St. Albans Rotary Club with George. I must say that George was a wonderful man. He enlightened many of us with his presence. A great Rotarian. My son Adam bowled with him and loved him as well. Adam's biggest regret was that George would never meet his 8 month old son Cooper. My condolence to Jennifer and family plus to all who knew him. George will be sorely missed.

“ I'm so sorry to hear of George's passing. I'm a fellow woodworker, and enjoyed George's good humor and fellowship. I got to know George a little better earlier this year when we both took a woodturning class at Cedar Lakes. George, like me, learned the basics of making bowls and other turnings. He was bright and good natured, sharing his knowledge as well as gladly learning from others. I'll miss him.

“ I worked with George at John Amos plant in the early 90's. I always thought George was a good man. I'll never forget one day we were taking a training group to Columbus in 2 company vans. George was driving one and i was driving the other. I wasn't paying any attention to how fast we were going, i was just following George. Needless to say we got pulled over by the police for speeding and both of us got a ticket. George told me not to worry about it and he would take care of it and that's what he did. Rest in peace my friend.
