“ Well Jimmy You little shit . I met you when you were in your early twenties . You were a young man just getting started into your adult life and you were very gullible. Some old boys that I worked with were kinda taking advantage of the situation so I felt it was necessary for me to help you out . I think we became instant friends . I hope you seen me as a friend and a big brother . Any one that truly knew you could not help but like you . Your family and friends meant a lot to you . Especially your kids . You were a great dad . My family thought a lot of you . We all started reminding each other of all the good and funny things we experienced over the years of knowing you . That was so we could stop the crying . My friend , You were truly one of a kind . We will never ever forget you . Lots of love for you !!! Peace Man Ted , Janie and Jared Woods ❤️
