“ *I am so sorry to be seeing this now, instead of when it happened. I would've loved to show my upmost respect for him and Phyllis. When my dad passed away years ago, they made sure that anything my mom needed up on that hill, she got, and that included hours of pain and crying that they comforted her through. I am so sorry about the loss of John. He was definitely a good man. ❤️❤️❤️*

“ *Dear Phyllis,*

I am so happy that I had a chance to meet John in April. Although we were together for such a short time I felt like family (which I am!) from the minute I met him. You and your family are so blessed to have had him in your lives. May the memories of his wonderful life with you comfort you through the years. Let's please stay in touch.

“ Phyllis:

My thoughts and prayers are with you and your family. John always had a smile on his face and just made you feel so much better just being in his presence. I know he is with the Lord now but it makes it hard for those left behind.

“ *Phyllis, I am so sorry to hear about John's passing, but I know he is not in pain now. My mom and dad were surely there to welcome him. You all were the best of friends to my parents. I wish I could attend the funeral, but I have been sick. He was a special person.*
