“ *Its still hard to believe you are no longer here with us. I think about you often. I bump into your mom and Baby Harvey quite often as well. I see so much of you in him its CRAZY. I know i wasnt around much towards the end but from the time you and Uncle Harvey got together we were pretty close. I remember being told how much we resembled eachother all the time everywhere we went even though there was no blood relation. I miss the times we had just chilling in the bedroom or outside by the fire, I love you Kayla 💔 Fly High. Gone But NEVER Forgotten.*

“ Sweet Kayla you will be missed! Even if I didn't see you that often, you always had a hug and that beautiful smile..I have spent the last few days heart sick over this, and I'm sure many more, thinking about you when you were little, and what a beautiful sweet soul you grew up to be..I so wish this wasn't true! I know your Mom and all your family are sick over this. My condolences, and I hope they can find some comfort and peace in their heart with their memories of you and the baby's you left behind....
Give Matthew a hug for me and tell him I love him and I miss him!
Rest in peace are dear sweet Kayla, spread them angel wings and be free ^j^
Are deepest sympathies and love! <3

“ There are lots of good memories, watching you cheer, going to the
Myrtle Beach, Florida, Kings Island, many Christmases,
Thanksgivings, Valentines, Birthdays, Family pictures together, time
goes by so quickly, people change, and sometimes because of
circumstances they grow apart, but I have always no matter what
held a special place in my heart for you. Thank you for giving me
the kindest, smartest, bravest little boy a Nana could ask for. He is
such a blessing, and he knows how much you loved him, and that
you will always be in his heart. ❤️🥺
