“ *I am saddened of the passing of my friend, Larry. My appreciation of his kindness and humor extends back to our days of youth that seems like yesterday. If I could choose two friends to share on the same stage of life, it would be Larry and Judy. Judy, this is a very difficult time for you and your family, but always remember the blessing of having so many wonderful years together. You will remain in our prayers.*

“ I met Larry in 93 as a neighbor in Teays Village, and have enjoyed his friendship since then. Although not feeling good on a lot of occasions, he never complained about his health concerns. He was very upbeat and in good spirits on every occasion I was around him. He was so very proud of his family and spoke about them in every conversation.

To you Judy, and the entire family, please accept my sincere condolences at this very tough time in life and in the days that follow
