“ *I remember in 8th grade, near the end of the school year You, Bailey, and I were talking about making a garden so that way all of us would have to be hanging out often. Another thing I remember is You and I would always be listening to KiD CuDi. I would always text you at like 3:00 in the morning to let know some news about on of His albums being released and you would always reply. I could always count on you to reply to my texts when I needed someone to talk, or that one time when my phone would randomly call people and I called you and you texted me immediately after saying "Are you okay bro?". See you soon. Love you man*

“ *The staff at Hayes Middle School will surely miss seeing Leland grow up. He was a joy to all of us at the school. He had compassion, a great personality and a love for those around him. He was a great leader as well. If only he could have influence more people to be like him... We send our heartfelt sorrow to Marlee and the family. May God send you comfort and hope for a wonderful reunion one day. He flies with angels today and will be smiling down on you as he waits to join you again. May you find peace and hope in this.*
