“ *Share a memory of Lisa Lea Williams, or send a condolence to the family... I can't believe this is real, she was always supposed to be here with me! She helped me through my first major heart break as a kid taking me to races every weekend to keep me from calling him, she was there for me every day when I started having panic attacks as an adult keeping me busy laughing and watching Lifetime movies assuring me I wasn't crazy! My babies were like her own, my oldest was her shadow for many many years always calling her Sissy even now in her college years! So many memories to share, I could write all day but waking up and seeing the obituary of my cousin/big sister/first best friend is killing me so I will leave with saying I will miss her terribly my life will never be the same and I promise her I will always be here for her babies and grandbabies I love you Lisa! RIP*
