“ Of all the many blessings I have had throughout my good life, Mary was one of the greatest! There are so many memories! I have had so many good friends at different times in my life. I am remembering them all this night, but none more than Mary. So loved, so kind, such a good friend to so many. How did she do it all! We played ball together years ago. Mary, you hit life and what you gave to others out of the park. I love you and will remember you always. We will all be together again one day, happy healthy and telling tales.
