“ *I always admired Aunt Jenny when I was a child- she was a successful and independent woman at a time when it was not the norm. Instead of being a housewife she was a career woman. She was always dressed beautifully. She would take us to the carnival in PA and go on the swing ride with me which was so much fun. Now she is reunited with her family that went before her - I am sure they are all happy to be together again....thanks for the memories!*
