“ *I'm having difficulty finding the words to express my grief over the loss of Nancy. She was one of my favorite co-workers and was one of the kindest people I've ever known. When I made Christmas stockings for the pharmacy staff, I also made one for Nancy, and continued to hang it in the window by the register (a place of honor), even after she retired. I enjoyed visiting with her when she came in for prescriptions after she stopped working (she kept me up to date on how her birds were faring). Please know that she is loved and missed, and that my thoughts and prayers are with her family and friends during these trying days.*

“ *My condolences to Nancy's family in this time of sadness. It came as a great shock when I heard the news of her passing. She and I worked together for many years at Kmart. She was a good employee and a great friend. We had many good times together. She was always a pleasure to be around. I wish I had known she was ill, I could have at least given her a call in this covid 19 time. R.I.P. sweet lady. Darlene Weaver*
