“ *I was so very sorry to hear of your dear mom's passing. Although you don't know me, your dad and mine (Mansel Grant) were first cousins. We helped campaign for your dad everytime he ran for office. (We were young. Our dad made us!!) Your parents were wonderful people that left a loving legacy. My deepest sympathies go out to all of you.*

“ *Our lives spent growing up in Putnam County were the lives that many would certainly be envious of. Through high school and college or working after those years, we all shared a unique situation that others would dream of. That was the fact that all of us who grew up together could go to any of our friend's homes and find what I always called "my other Mom".*

All of our buddy's moms always welcomed us into their homes, treating us with the type of hospitality that you don't see much anymore, always making us welcome as if we were one of their own.

Nina always went above and beyond, feeding us all, taking a true interest in each and every one of us, and doing what ever she could to make us one of "her kids".

The true measure of her to me was when I saw her about a month ago. I hugged her and talked to her, and she still wanted to know, myself now 65 years old, if everything was OK with me.

That tribute of love to me will always, the rest of my life, remind me of how much she loved me, and everyone else.

Rest in Peace Nina. I am sure you and Don are having an eternal ball!
