“ *Chris, I'm so sorry for your loss. My dad, Bob's brother Edward passed away on April 18, so it was hard for me to believe this happened. Let us know what we can do for you and your family. My dad talked about his brother Bob and kept us up to date him and the family.*

*Sharing your sadness, Thomas Pierce*

“ I was blessed to work with Bob at York from 1996 to his retirement in 2002. I was new to West Virginia and Bob made me feel very welcome. It didn't take long for me to discover that he was a natural leader that quietly guided the men that worked for him. Every customer that Bob encountered had nothing but the highest praise for him. His many years of technical knowledge were evident in his skill in which he could quickly diagnose and repair any issue with the most complex refrigeration systems. He was always willing to help his fellow employees and was free to share his vast knowledge with anyone that had the time to learn.

Later in my career, I was doubly blessed to work with his son Chris. Chris possesses the same quiet demeanor of his father and as the saying goes "the apple doesn't fall far from the tree", Chris is also a master at his craft as was his father.

I grieve with the Pierce family and those that knew Bob. I am also celebrating Bob's leaving this world to be with his heavenly Father and once again be in the presence of his loving wife Onva. God holds the power of life over death, and He is the true salvation. This is our only hope and comfort in this temporary life.
