“ Well my funniest memories where when Id take various numbers of girls to go get piercings from Sasha and most wanted me to stay and hold there hand so every time shed give me that Cutter how to you do it look and we'd both laugh- Gordon would call me to take her motorcycle riding (apparently so he could go fishing) but anyway when she'd ride the helmet would barely fit on her head with all that hair so she'd let the dreds fly so of course I got hit in the face a lot but when I'd look at our shadow it looked like snakes flying straight up - secretly I'd think of calling her Medusa the lady God with a head of serpents - always loved you Sasha and we always laughed at each other - Heaven received another Angel this week - til we meet again 🙏
