“ Everyone who really knew her also knew her love of music.
I still have a DEFAULT CD she gave me, on which is a song called
"Wasting My Time" that she liked a lot.
I also still have two TOOL CDs (I bought them because she liked
that band) and a ticket stub from the TOOL concert she and I
attended on July 7th, 2007.
Great times!!
I will miss her and think of her often.
