“ I grew up with Steve and his family. They lived just down the hill from my Grandmother. His Mother was so kind to her and our family loved her for it. Steve was always very quiet maybe because his sister was not. But everyone always liked Steve as kids we played in the woods or did what kids do. When we got to High School Steve went into the band as a drummer and you could see a difference in him, he really enjoyed the musical outlet. But in school we sort of drifted in different directions which I regret. After school was worse I can't remember the last time I saw Steve. I remember him as a quiet guy always smiling and I'm so sorry he is gone. My prayers to his family and friends. Marty Chapman
