“ *Tom was my nephew, but I called him son. When his Mother passed away, Larry & I took his brother Steve and Tom home with us. They stayed with us for a while and we loved having them. Our kids called him brother, they were so close. I called him after he graduated from high school to see if he wanted a job. Mark hired him on the spot, because he was such a big muscular guy to work stock. So Tom started at the very bottom and made it to the top. He was good with his customers and they appreciated him. He knew his job and he did it well. I shall miss talking to Tom everyday and being his support as he was mine. I will see his smile everytime I see his girls. They are so much like their dad. I am so glad that Larry & I was with him before he passed. He kept telling his brother he loved him and when I was alone with him, he made sure I knew he loved me as much as I loved him. Yes, we will miss him greatly, but knowing he is not suffering is a comfort. Rest in Peace, Tom we love you.*

“ Girls I'm so sorry you lost your dad so close to the Father's Day. But remember he was so proud of you both and a very special person to all that knew him. You will never know how much he meant to me , he called me mom and I called him son and he was like a real son to me, I will never forget our secret I love you sign it meant the world to me and I know it meant a lot to him. I miss him coming down the steps and yelling hey mom and giving me the secret I love you sign and I gave him the sign back. I loved him as much as I do my own kids. The store won't be the same without his smiling face. You girls go and make something of your selfs and make him proud as he has always been of you both.

“ Tom was like a big brother to me. We started at charleston departments store at almost the same time in the warehouse. I went on the other things while he stayed there working close at my moms side. I will miss going to the store and joking with him, as we grew up with each other through the store. I will miss fighting with him like siblings do. You girls go out and make your dad proud, he has always been proud of you two. I'm glad my mom took him under her wing like he was her own. So Tom I'm giving you the secret I LOVE YOU SIGN one last time big brother .

“ It will be so hard to imagine coming to Charleston and not seeing my friend Tom King in the store. His life and family centered around activities at the store. In recent years, as I became more involved buying goods for the store, it was apparent how well loved and respected Tom was by all of his peers and associates in the apparel industry.

In discussions with Tom almost daily the last few years, it was also apparent how much he loved his two daughters. His voice would "smile" and when we talked about our kids.

We all feel blessed that we had so many wonderful years in the store with Tom at the helm. It's comforting to know he is at peace now. Good bye my "brother".

Love,

“ I was so saddened to hear of Tom's passing. I called on Tom for many years with my Sports Lines and always looked forward to making the trip up to see him. We spent more time talking about sports than looking at product. Tom was the ultimate professional and a great friend that I will dearly miss. For his two daughters, he spoke so highly of you and I know were the pride and joy of his life. Tom was very helpful to me in my current career and I will be forever grateful for that.
