“ *I was deeply saddened to hear this news. I spent so much time with Missy at her house and loved Verdena so much. She treated me like one of her own. Even after getting married and moving out of state, when I did go back to visit, I would drive by and if she were sitting on the porch, I'd stop and visit. I hated when I would have to leave because I enjoyed talking about all of the great memories from growing up next door. My condolences to Missy, Susan and their families. Love and prayers to you all.*

“ *The Barkers lived accross the street, DeAnna and I were close when we were little. Verdena knew we didn't get much to eat so she would fill my school lunch plate up. I always had a great amount of respect for her as she was always very classy and kind. My thoughts and prayers are with the family.*
