“ *BILLI,
It is hard to believe that you are gone. I will never forget when I left the animatronic bust of Elvis Presley at your house because he wouldn't fit in my car. It was just hysterical how you took photos of him in different ways of him playing cards at your kitchen table - Elvis was alive!
My daughters and I are enjoying those multi colored dish rags that you knitted and we will continue to remember you each time we use them. You were so gifted in the art and writing department. I would enjoy seeing what you are creating in heaven.
I know you are finally pain free and loving being with your children again!
Love, your sister Teri Borsman-Molz*
