“ *My memories of Bill are of a jovial, kind father figure. Being friends with both Mark and Melinda growing up, we spent much time at the Morell home. Bill is tied to all those warm, childhood memories. Thank you for sharing him with all of us.*

“ *I remember Bill, and his Dad also. I was a radiology tech, and worked in various locations. He was a fine fellow. May God comfort you, and give you his peace. Paul McKinney.*

“ *Memories: The Morell's opened their home, their family and their hearts to me while I was attending Marshall University. Every weekend I would leave the campus and spend Friday to Sunday with them. I remember driving to church in the VW van and lots of fun memories. One of my favorite memories of Bill is when he picked me up at my dorm because of an impending snowstorm so I would not make the drive to their home in my rickety old car. That weekend we were snowed in for several days and it was a blast!! Bill always had service as part of life and was willing to help anyone anytime. He will be truly missed. - See you on the other side my friend.*
